

how to play

Ladder Golf

For 2-4 players.

Team members stand at opposite ladders.

All 6 bolas start at one ladder.

Player 1 throws all 3 bolas consecutively, followed by player 2.

Tally all points:

3 points awarded for bolas on the top rung

2 points awarded for bolas on the second rung.

1 point awarded for bolas on the third rung.

Use cancellation scoring: the team that scores more points receives their points minus their opponents points.

Continue on to the next round of play.

The first team to score EXACTLY 21 points wins!
